

IDENTITY · CAPABILITIES · CERTIFICATIONS

// WHO WE ARE

Building a resilient world through innovation, technology, automation, and construction.

Black Fox is an award-winning, ISO-certified firm at the intersection of software, program management, technology, automation, and construction. We deliver business-focused services that **improve, sustain, and empower** organizations through technical excellence and disruptive innovation, bridging digital intelligence and the built world for federal, state, local, quasi-government, and private clients.

CORE COMPETENCIES

Software & AI	Software development, AI, and machine-learning solutions tailored to complex industrial needs.
Automation	Intelligent systems that drive efficiency in the field and across program and construction projects.
Construction	Resilient design-build, fiber optics, roofing, MEP, and specialty contracting for the built environment.
Cybersecurity & IT	Comprehensive IT configuration and security protocols protecting mission-critical infrastructure.
Staff Augmentation	Specialized technical talent and elite professional services that empower client workforces.
Program & Project	Governance, risk mitigation, and precision delivery across critical program workflows.

DIFFERENTIATORS · LEADERSHIP · VEHICLES · COVERAGE

// WHY BLACK FOX

Differentiators.

- **Veteran-owned and combat-led.** Founded by a Bronze Star Medal awardee and Purple Heart recipient with 14 years in the US Army Corps of Engineers — discipline that shows up in writing on every engagement.
- **Senior, cleared people on contract.** DoD facility clearance (SECRET 085923) and a TS/SCI-cleared CEO let us operate where most small businesses cannot.
- **Both digital and physical.** One firm covers software, AI, cybersecurity, IT, program management, and self-performed construction — eliminating the seams that derail multi-vendor programs.
- **ISO-certified quality and continuity.** ISO 9001:2015 and ISO 22301:2019 are not posters — they govern how we plan, deliver, and recover.
- **Open-book commitments.** Written kickoff plans, named teams, and risk registers within seven business days of award — every time.
- **Federal, state, local, quasi-government, private.** Active vehicles and DBE certifications across GSA, Florida DMS, eight state DOTs, and major metros.

LEADERSHIP

Name	Role	Credentials	Background
Fox Wade	Chief Executive Officer	MBA (PM) · DRI CBCP · Lean Six Sigma GB · GC · TS SCI (DoD)	30 yr PM. Combat veteran (1ID, 2ID, 4ID; 82nd Abn; 95th CA Bde). Bronze Star Medal · Purple Heart.
