

ARTIFICIAL INTELLIGENCE AGENCY

CAPABILITY STATEMENT · BLACK FOX GROUP

BLACK FOX GROUP

50 Hurt Plaza SE, Suite 1442, Atlanta, Georgia 30303 · (202) 454-7650 · info@blackfoxgroup.com · www.blackfoxgroup.com

OVERVIEW

Black Fox helps federal agencies move from AI policy to fielded capability. We stand up the governance, data foundations, model deployments, and workforce enablement that turn an executive directive into a measurable program outcome — inside FedRAMP and authority-to-operate boundaries.

CORE COMPETENCIES

- AI Strategy & Governance — Use-case portfolios, risk classification, and AI governance boards aligned to OMB M-24-10 and the NIST AI RMF.
- Data Foundations — Authoritative-source identification, labeling, lineage, and access controls inside the ATO boundary.
- Model Deployment & MLOps — Secure deployment of foundation, predictive, and document-processing models with monitoring and rollback.
- Workforce Enablement — Role-based AI literacy, prompt-engineering enablement, and human-in-the-loop process design.

DIFFERENTIATORS

- Senior, cleared people on contract — never a junior bait-and-switch.
- Written commitments at every milestone, with documented rollback paths.
- Self-perform on the critical path; vetted partners on the rest.
- Past-performance references furnished on qualified inquiries within 48 hours.

PAST PERFORMANCE

Federal Agency AI Governance Stand-Up — Federal Civilian Agency CIO Office (2024)

Chief AI Officer governance, use-case inventory, and risk-classification rubric aligned to OMB M-24-10.

Trade: AI Strategy & Governance · Value: \$1.6M / 9 mo. · Location: National Capital Region

Document Processing for Benefits Adjudication — State Workforce Agency (2024)

Human-in-the-loop document-understanding pipeline; adjudication review time cut by 38%.

Trade: Model Deployment & MLOps · Value: \$2.4M / 12 mo. · Location: Southeast U.S.
