*Stay open when the world does not.*

## OVERVIEW

---

Black Fox builds business continuity programs that survive contact with reality. We engineer the plans, exercise them, and stand them up when an event becomes a crisis.

## CORE COMPETENCIES

---

- BIA & Risk Assessment — Quantitative business impact analysis, recovery objectives, and dependency mapping aligned to ISO 22301 and NIST SP 800-34.
- Continuity Planning — Plans, runbooks, and decision authorities built around real people and real escalation paths.
- Crisis Management — Crisis-leadership coaching, communications playbooks, and a virtual EOC capability we can stand up in 24 hours.
- Exercise & Validation — Tabletops, functional drills, and full-scale exercises that test the plan against credible threat scenarios.

## DIFFERENTIATORS

---

- Senior, cleared people on contract — never a junior bait-and-switch.
- Written commitments at every milestone, with documented rollback paths.
- Self-perform on the critical path; vetted partners on the rest.
- Past-performance references furnished on qualified inquiries within 48 hours.

## PAST PERFORMANCE

---

### **Statewide Continuity-of-Operations Program — State Emergency Management Agency (2024)**

COOP across 22 essential functions; full-scale exercise validating activation in under 4 hours.

*Trade: Continuity Planning · Value: \$1.4M / 12 mo. · Location: Southeast U.S.*

### **Hurricane Activation Crisis Management — Quasi-Government Port Authority (2023)**

Embedded crisis-leadership for two named hurricane events; cargo throughput at 81% of normal.

*Trade: Crisis Management · Value: \$0.6M (engagement) · Location: Gulf Coast*
